For additional information:

- visit our website at [gov.bc.ca/salestaxes](http://gov.bc.ca/salestaxes) and go to [Motor Fuel Tax and Carbon Tax](#)
- refer to [Bulletin MFT-CT 006](#), *Self-Assessing Motor Fuel and Carbon Tax*
- email us at [CarbonTax@gov.bc.ca](mailto:CarbonTax@gov.bc.ca)

### Part 1 – Business Information

Complete all fields. The account number is a number that identifies your carbon tax account and will remain unchanged. The media number is a unique number that identifies a specific return for a specific period within your account. This number will change for each return and reporting period. If you do not have an account number or media number, contact us.

### Part 2 – Fuel Activity

All fuel volumes must be reported and rounded to the nearest whole number (e.g. 1.49 becomes 1 and 1.5 becomes 2). **Do not input decimals into the return.**

If you are reporting a type of fuel not already displayed on this return, refer to the Table of Fuel Types and Rates on this page and enter the additional fuel types and applicable tax rates in the blank column(s) on page 1 of the return. Alternatively, you may select additional fuel types from the drop down menu if completing this return online.

Line 1: Enter the total volume or weight of each fuel type used in BC for a non-exempt purpose on which tax was not charged. This includes all fuels or combustibles purchased, manufactured, imported or transferred.
