Overview

You are a **purchaser** if you buy, or receive delivery of, fuel in BC for your own use. You must pay motor fuel tax, unless an exemption applies.

You may apply for a refund of motor fuel tax if you:

- paid motor fuel tax in error, (i.e. there is no legal obligation for you to pay the motor fuel tax),

- overpaid motor fuel tax, (e.g. you paid more motor fuel tax than you should have because of an error in calculation), or
- correctly paid motor fuel tax at the time of purchase, but you are a person who qualifies for a refund (see below).

Refunds for Individuals

Persons with Disabilities

If you are a person with a qualifying disability, you may apply for a refund of motor fuel tax you paid on clear fuel you purchased in BC for your vehicle. The maximum refund is \$500 per calendar year.

You must meet the qualifications and first **register** with us before claiming a refund. To obtain a refund you must submit original fuel receipts showing the date of purchase, type of fuel and number of litres purchased, and the name and address of the fuel seller. For more information, to see if you qualify and how to register, see [Bulletin MFT 004](#), *Fuel Tax Refund for Persons with Disabilities*.

Propane for Residential Use

If you purchased propane for residential use and you paid motor fuel tax, you may apply for a refund.

For more information and to see if you qualify, see [Bulletin MFT 014](#), *Propane Exemptions*.

To apply for a refund, complete the *Application for Refund of Motor Fuel Tax Purchaser of Fuel* ([FIN 147](#)).

Private Passenger Diesel Vehicles

If you purchased diesel in BC for use in your private passenger vehicle, you may apply for a refund of 0.5¢ per litre (the difference between the diesel tax rate and the gasoline tax rate). This puts non-commercial users of diesel fuel on an equal footing with users of gasoline.

To apply for a refund, complete the *Application for Refund of Motor Fuel Tax - Purchaser of Fuel* ([FIN 147](#)).

Refunds for Business Purposes

Logging and Mining Industries

If you travel both on- and off-highway, you must use clear fuel. However, you may apply for a motor fuel tax refund of the difference between the clear and coloured fuel tax rates for the portion of the fuel consumed off-highway if you operate specified vehicles for specified purposes in the logging or mining industry (see [Bulletin MFT-CT 003, Coloured Fuels](#)).

The following fuel purchases do not qualify for a refund:

- coloured fuel,
- out-of-province purchases,
- fuel purchased and used during periods when no lumber or logs are hauled, or when no minerals are transported, such as in the off-season,
- fuel purchased for non-qualifying vehicles, such as pickup trucks, and
- purchases of less than 100 litres, unless the use is fully explained (otherwise they are deemed to be for a non-qualifying use).

To apply for a refund, complete an *Off-Highway Refund Application* ([FIN 141](#)). For information on how to complete the application form, see the instructions on page one of the form.

Oil and Gas Industry

If you travel both on- and off-highway, you must use clear fuel. However, you may apply for a motor fuel tax refund of the difference between the clear and coloured fuel tax rates for the portion of the fuel consumed off-highway if you operate specified vehicles to transport qualifying supplies and equipment to oil and gas exploration and drilling sites (see [Bulletin MFT-CT 003, Coloured Fuels](#)).

The following fuel purchases do not qualify for a refund:

- coloured fuel,
- out-of-province purchases, and
- fuel purchased for non-qualifying vehicles, such as pickup trucks.

To apply for a refund, complete an *Off-Highway Refund Application* ([FIN 141](#)). For information on how to complete the application form, see the instructions on page one of the form.

International Flights

If you are a commercial air service, you may apply for a refund of motor fuel tax you paid on jet fuel you purchased in BC and used for an international flight.

An international flight is a flight that begins in BC and ends outside of Canada (e.g. Vancouver to New York, or begins outside of Canada and ends in BC (e.g. New York to Vancouver).

To apply for a refund, complete the *Application for a Refund of Motor Fuel Tax – Purchaser of Fuel* ([FIN 147](#)).

You may be eligible to apply for registration as a registered consumer if you are an international air service. A registered consumer is authorized to purchase specific types of fuel without paying motor fuel tax at the time of purchase in BC.

For more information, see [Bulletin MFT-CT 004](#), *Registered Consumers*.

Motive Fuel User Permit (MFUP) for IFTA Commercial Vehicles

You may apply for a refund if the amount of the deposit you paid for a MFUP, plus the amount of motor fuel tax you paid for fuel you used in the vehicle during the permit period, exceeds the motor fuel tax due on the fuel you used in BC during the permit period.

To apply for a refund, complete the *Application for Refund of Motor Fuel Tax - Purchaser of Fuel* ([FIN 147](#)).

Note: A refund cannot exceed the amount of the deposit and we cannot issue a refund of less than \$10.

Farmers

If you are a farmer, you may apply for a refund of motor fuel tax you paid on coloured fuel purchased in BC for use in the operation of a farm. For information about the authorized uses of coloured fuel, see [Bulletin MFT-CT 003](#), *Coloured Fuels*.

You may also apply for a refund of motor fuel tax paid on clear fuel purchased in BC if you used that fuel in a truck with a farm licence plate (also known as an A or G plate) while operating internationally for a farm purpose (e.g. travel to the United States to deliver your farm product to a customer). This refund allows farmers the same preferential tax treatment they receive in BC while travelling for a farm purpose in

jurisdictions that do not allow the use of coloured fuel on highways such as Washington State, Idaho and Montana.

You may apply for a refund of motor fuel tax paid on propane purchased in BC for qualifying farm purposes. For more information and to see if you qualify, see [Bulletin MFT 014 Propane Exemptions](#).

- rotating the drum of a ready-mixed concrete truck or pumping ready-mixed concrete,
- pumping or dispensing liquids or other materials, such as water, milk, flour, syrups, fertilizers and fuel, to or from a commercial motor vehicle (this does not include the use of a hydraulic arm, unless it is on a logging truck, or a hydraulic cylinder),
