Driving in the Heat

Before embarking on your travel journey this summer, it is strongly advised that you take the following steps to prepare for driving in the heat:

- Check your vehicle- see BC Automobile Association's [checklist](#) for vehicle maintenance advice
- Consider travelling in the early morning or evening
- Keep a well-stocked [emergency kit](#) in your car
- Take breaks every two to three hours as heat can cause drowsiness
- Visit [TranBC](#) for more safety tips when driving in the heat, and [Prepared BC's Extreme Heat Preparedness Guide](#) for additional resources on heat preparedness

Falls Creek Construction Complete

Project Overview

Located 12 km east of Lytton

Status Update:

- Construction site is demobilized and the new bridge is fully reopened ahead of schedule
- In collaboration with the local First Nations communities, the bridge has been officially named CəX^w Cix^w (pronounced Check-Chow) Bridge
- Thank you to the local residents for your patience during the previous year of construction!

Visit [DriveBC](#)

Check [DriveBC](#) before travelling on Highway 1 for up-to-date information about active work, including traffic restrictions and speed zones.
