Operational updates

The Falls Creek Alliance mobilized to site and set up office trailers to facilitate construction. Utility relocation was completed, embankment and excavating work is underway, and pile driving has begun. While the team is working hard to optimize traffic queues and wait times, those travelling through the site should expect an average wait time of 30-45 minutes as Single Lane Alternating Traffic (SLAT) continues.

Bridgeway St to Venables Valley Rd Paving

- Paving operations are underway on Bridgeway St and Venables Valley Rd for 24km until July 15
- Single lane alternating traffic is in place Mon-Sat, with anticipated delays of 20 minutes
- Please obey traffic control personnel.

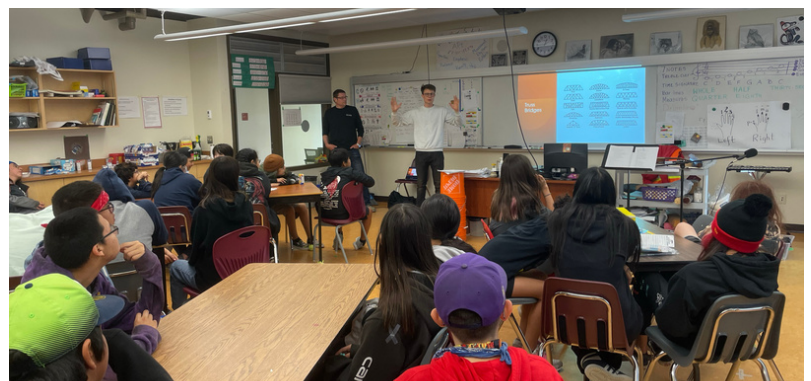

For the most up-to-date highway travel information, check [@DriveBC](#) on Twitter and visit www.DriveBC.ca

Indigenous History Month

Every summer, Canadians celebrate National Indigenous History Month and recognize National Indigenous Peoples Day on June 21. Indigenous Peoples have lived on this land since time immemorial, and their presence continues to shape our nation. We honour the stories, achievements, contributions and resilience of Indigenous Peoples, not just in June, but all year long.

Alliance team visits Stein Valley Nlakapamux School

This month, the Falls Creek Alliance Team visited the Grade 6/7 students at Stein Valley Nlakapamux School. Students learned how bridges are built, drew their own renditions of the Falls Creek Bridge, and even brought out guitars and started playing music - it was a lively and fun atmosphere for all. The Alliance team happily showcases the artwork within their project site office trailers and would like to thank the students for their interest in the project.
