

## BASTIN ROAD AT BASTIN HILL PROJECT & QUESNEL-HYDRAULIC ROAD PROJECT UPDATE – JULY 2023

---

### Bastin Road resurfacing

As part of ongoing road maintenance, resurfacing of Bastin Road is underway from Gravelle Ferry Bridge to the intersection of Bastin Road and 2700 Forest Service Road. This work is expected to continue through mid-July 2023.

Drivers can expect increased activity in the area while this work is being done and are asked to use caution while travelling through the project site.

### Upcoming works for the Bastin Road at Bastin Hill Project and the Quesnel-Hydraulic Project

As part of technical information-gathering for the [Bastin Road at Bastin Hill Project](#) and the [Quesnel-Hydraulic Road Project](#), crews are scheduling geotechnical investigative work to take place later this summer.

Details on when these work activities are scheduled to begin and their duration will be provided once details are confirmed.

In the interest of safety, we ask members of the public to stay clear of equipment and work areas.
