

Traffic pattern change - Highway 1 at Bradner Road

As part of the broader project to widen Highway 1 through the Fraser Valley, drivers travelling on Highway 1 can expect new traffic pattern changes along the corridor.

WHERE	WHEN	WHAT TO EXPECT
 Westbound Highway 1 before the Bradner Road structures.	Friday, June 26, starting as early as 9:00pm.	Westbound lane shift south onto the new structure.

These changes are in addition to ongoing overnight lane closures and are needed for the safe and efficient construction of projects that are part of the Fraser Valley Highway 1 Corridor Improvement Program. A reduced speed limit of

80 km/h will be in place. Drivers are asked to use caution, obey signage and watch for roadside workers.

Please visit DriveBC.ca for the most current information.
