**Highway 3 Hartley Creek Bridge #3207
Project Update**

Hello,

We would like to share a brief update on the Hartley Creek Bridge Project.

The project team is working to refine communication tools to help provide clear, consistent, and accessible information about the project. Our goal is to provide further clarity by making it easier for community members to access project information, and to find answers to commonly asked questions, all in one place.

As we continue this work behind the scenes, you may see personnel around the site for survey work or utility pole relocation.

The project team will continue working with the Regional District of East Kootenay and the City of Fernie to communicate project information and may reach out to specific property owners, residents or groups in the coming weeks or months.

Thank you for your continued patience. We look forward to sharing more information soon. You can contact the team via the project inbox at any time H3.Hartley@gov.bc.ca.

Thank you
Hartley Creek Project Team
